Summary

I am a Business Strategy and Transformation professional with 7+ years of experience across Amazon, Indian Army and Aptiv, driving AI-enabled automation, digital transformation, and operational excellence across the Defence, FinTech, and Automotive sectors.Currently pursuing the Executive Post Graduate Programme (EPGP) at the Indian Institute of Management Bangalore (IIM Bangalore), I combine military leadership with corporate experience to solve complex business problems through strategy, technology, and data-driven decision-making. As a PMP-certified professional, I have delivered AI-led automation initiatives that reduced workflow turnaround time by 40% and improved decision-making efficiency by 30%.During my service as a Captain in the Indian Army, I was awarded the GOC-in-C Northern Command Commendation Card for leadership during Operation Snow Leopard along the Line of Actual Control (LAC). I am also Elite Commando Course-qualified, with experience leading teams and executing mission-critical operations in demanding environments.I am passionate about Strategy, Product Management, AI, Digital Transformation, and Operational Excellence, and I enjoy building scalable solutions that create measurable business impact.
